

# Code Breakers

## Down:

1. what happens when you finally find out the answer!
2. mix up the information till it doesn't make sense!
5. a challenging task for you to solve.
6. thinking with your imagination.
9. the answer to a tricky problem.
11. someone who goes around solving puzzles.
12. something that can't be found.
13. the type of cipher changing 1 letter for another.

## Across:

3. a hint that gets you closer to the answer.
4. the type of code using dots and dashes.
7. the type of code used by armies for communication.
8. something that is possible but difficult to solve.
10. giving information to someone else.
11. when you figure out the code and what it says.
13. someone who is able to complete every challenge they're given.
14. someone who wants to stay hidden and undetected.
